LETTER TO INITIAL PATENT EXAMINING DIVISION

Honorable Assistant Commissioner for Patents
Washington, D.C. 20231

Dear Sir:

This letter is in response to a:

NOTICE TO FILE CORRECTED APPLICATION PAPER

Mailed: 02/28/2001

The subject NOTICE required that the margins be examined and corrected to be in compliance with 37 CFR 1.84 requirements.

The third sheet was noted to be crowded so Figure 12 was moved from the third sheet onto an additional fourth sheet to make compliance with the margin requirements possible.

Figures 10a, 10b 11a and 11b were rearranged on sheet 3.

Renumbered sheet numbers were added to the top of each sheet. Labels were placed on the back of each sheet.

Line density was increased to 0.015 inches.

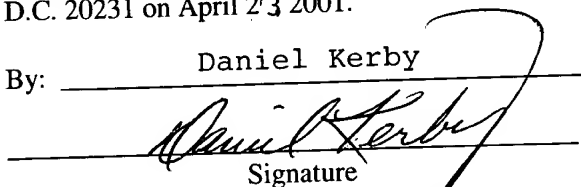

Extraneous spots were removed from above the legend "Fig. 10b" and from the left edge of Fig. 10a. Extraneous legends and mater was removed from Figs. 4, 5, 6 and 7. Reference number lettering and lead lines were improved on the second sheet with Figs. 4, 5, 6 and 7.

The changes made are believed to bring the drawings into compliance with 1.84 and acceptance of the changes and substitution of the attached four new sheets of drawings is respectfully requested.

Based upon the foregoing remarks and changes to the drawings, Applicant respectfully submits that the application is in condition for examination and requests that it be passed to the responsible art unit for examination.

I hereby certify that this correspondence is being deposited with the United States Postal Service as First Class Mail in an envelope addressed to the Assistant Commissioner for Patents, Washington, D.C. 20231 on April 23 2001.
